Notes			
The coronavirus is a new hazard that will require the implementation of new risk control measures for the foreseeable future and will be described as the "new normal". Our aim is to return colleagues, children and parents to our settings to as normal a life as possible for as many people as possible, but in doing so ensuring another epidemic is avoided.			
Distributed the assessment to appropriate personnel			
yes

Covid-19 Policy May 2020 (review Feb 2021)

Assessment Details

Symptoms of Covid-19	Visitors Children Staff Adults	There is an increased risk of the spread of Covid-19 if anyone attends our settings showing any signs or symptoms.	High	<p>Communication has been sent to all colleagues and parents of children who attend our settings to inform them that if they or anyone in the household is showing any of the following signs they are not able to attend the settings, if these are developed while on site they will be sent home.</p> <ul style="list-style-type: none"> • fever and high temperature – people will feel “hot to touch” on their chest or back (37.8 degrees Celsius or above) • new, continuous dry cough – the NHS define this as coughing a lot for more than an hour, or 3 or more coughing episodes in 24 hours (someone with an existing cough may find that it is worse than usual) • loss or change to the sense of smell or taste – the NHS defines this as someone noticing that they cannot smell or taste anything, or things smell or taste different to normal <p>The Government is asking people to "self-isolate" if they show symptoms and to stay at home wherever possible to</p>	Adequately controlled	<p>Training All staff are trained on this risk assessment and any corresponding policies and procedures by Tinies Directors via video conferencing prior to returning to work.</p>
----------------------	---	--	------	--	-----------------------	--

Covid-19 Policy May 2020 (review Feb 2021)

Assessment Details

reduce the spread. Where a colleague suspects they have symptoms they must stay at home as follows:

- if you have symptoms of infection and live alone, you should self-isolate by staying at home and not leaving the house for 10 days from when the symptoms started
- if you live with others and one person has symptoms, you should self-isolate as a household for 10days from the day when the first person in the house became ill (if anyone else in the household starts displaying symptoms, they need to stay at home for 10 days from when the symptom appeared, regardless of what day they are on in the original isolation period)

Covid-19 Policy May 2020 (review Feb 2021)

Assessment Details

<p>Protection against Covid-19</p>	<p>Adults Staff Children Visitors</p>	<p>All colleagues and visitors to the setting have a responsibility to protect themselves and other against the spread of Covid-19</p>	<p>High</p>	<p>In addition to our usual infection control measures, Public Health England and Health Protection Scotland recommends that the following precautions are taken to help prevent the spread of Covid-19</p> <ul style="list-style-type: none"> • cover the mouth and nose with a tissue or sleeve (not hands) when coughing or sneezing (Catch it, Bin it, Kill it) • put used tissues in the bin straight away • wash hands with soap and water often — wash for 20 seconds and use hand sanitiser gel if soap and water are not available • try to avoid close contact with people who are unwell • clean and disinfect frequently touched objects and surfaces – known as “touchpoints” • do not touch eyes, nose or mouth if hands are not clean. <p>All colleagues are required to wear a face covering in</p>	<p>Adequately controlled</p>	<p>Training External advice required All staff are trained on this risk assessment and any corresponding policies and procedures by Tinies Directors via video conferencing prior to returning to work.</p>

Assessment Details

communal areas or when speaking in close contact to other colleagues, clients or parents. All colleagues have been issued with face shields. Where a colleagues is exempt from wearing a face covering a separate risk assessment will be written as each case is individual.

Covid-19 Policy May 2020 (review Feb 2021)

Assessment Details

<p>Transmission of Covid-19</p>	<p>Visitors Adults Children Staff</p>	<p>Covid-19 is show to spread at an increased rate when people are in close contact with each other. Social distancing and reducing large crowds helps to reduce the transmission rate.</p>	<p>Medium</p>	<p>To help reduce the transmission of coronavirus (covid-19) we will:</p> <ul style="list-style-type: none"> • Ask colleagues and children to remain at home if they are displaying symptoms – high temperature, a new and continuous cough, loss of smell and taste. • In England and ROI and Belfast we take both colleagues and children’s temperature on entering care and exclude anyone immediately if their temperature is above 37.8 and require, them to self-isolate for 10 days or until a negative test result has been received. In Scotland we take colleagues only. • Review with colleagues their route to work to try to avoid non-essential use of public transports and encourage our parents to do the same. • Enable those, who can, to continue to work from home. • Request that colleagues avoid large and small gatherings over 6 people outside of work, in line with government guidelines <p>Maintain social distancing within</p>	<p>Adequately controlled</p>	<p>Training Equipment change/update All staff are trained on this risk assessment and any corresponding policies and procedures by Tinies Directors via video conferencing prior to returning to work.</p> <p>Where additional space is required to allow for social distancing, equipment should be removed and stored safely ensure no walk ways or fire exists are blocked.</p>
---------------------------------	---	---	---------------	---	------------------------------	--

Covid-19 Policy May 2020 (review Feb 2021)

Assessment Details

settings as much as possible by ensuring the following measures are in place:

- Reduce where possible the number of children in the setting at any one time – our ratios still apply
- Colleagues working with the same people each day (working within a bubble)
- Stagger start times of colleagues and children to avoid rush on transport & within our reception areas
- Re-design our work / play space to allow for as much distancing as possible
- Look at flow of traffic and where possible have 1-way traffic - mark the corridor and queuing areas where needed
- Ensure breaks are staggered and suitable break areas are identified
- Where 2metre distancing is not possible review transmission risk - barriers, 'bubbles', PPE
- Display posters reminding everyone of their responsibility in social distancing
- Restrict visitors & maintenance by appointment only (where possible)

Assessment Details

Covid-19 Policy May 2020 (review Feb 2021)

Assessment Details

<p>PPE</p>	<p>Children Adults Staff</p>	<p>All colleagues have a duty to ensure they protect themselves and other in the setting by using the PPE provided</p> <p>Failure to do so increased the risk of them becoming exposed to infection.</p> <p>Current government guidance is that no additional PPE is required in Early Years Settings to protect against Covid-19</p>	<p>Medium</p>	<p>PPE is provided for use when changing nappies, providing first aid treatment, clearing up bodily fluid spills and for food preparation and service.</p> <p>We have emergency PPE boxes in all our settings containing, gloves, anti-bacterial gel, aprons, face masks to IIR standard and visors to be used should a colleagues be required to care for someone displaying Covid-19 symptoms.</p> <p>Daily checks of stock levels are carried out and documented to ensure our supply doesn't fail. Orders are placed 6 weeks in advance to allow for increased demand and delivery times. Should a supply failure be identified Tinies Operations Director must be informed immediately so an alternative supplier can be found and as a last resort a potential closure of the setting until supplies can be stocked.</p> <p>Hand sanitiser will be avialble within settings where soap and water is not avialble and everyone will be asked to sanitise their hands prior to</p>	<p>Adequately controlled</p>	<p>Training All staff are trained on this risk assessment and any corresponding policies and procedures by Tinies Directors via video conferencing prior to returning to work.</p>
------------	--------------------------------------	---	---------------	--	------------------------------	--

Covid-19 Policy May 2020 (review Feb 2021)

Assessment Details

entering the setting.

Additional PPE will be provided to colleagues needing to travel on public transport, this will consist of two washable masks and filters. Training on how to use mask is provide to all colleagues as part of our video conference prior to them returning to work.

- Face shields will be provided for colleagues working in our settings, only to be worn when working on the front desk in our creches and by greeter and runners in our nurseries. Colleagues are required to wear face coverings in all communal areas, these must be removed on re-entering the area with the children and placed in a named Ziploc bag. All bags must be stored out of the reach of the children.

All visitors to the setting will be requested to wear a face covering. This included parents, contractors and clients. Parents are requested to wear a face covering when dropping off children with us.

Covid-19 Policy May 2020 (review Feb 2021)

Assessment Details

<p>Infection Provention</p>	<p>Children Staff Adults</p>		<p>Medium</p>	<p>Opening and closing safety and cleaning checklist have been updated to include mandatory checks for all settings and introduced hourly "touchpoint" cleaning to address the increased risk of Covid-19 living on surfaces and increasing infection risk.</p> <p>Removed all unnecessary furniture and soft furnishings, this include toys and equipment that has been deemed unsuitable during this time.</p> <p>Our working practice has been reviewed and where possible children will be places in "bubble" groups to reduce the potential transmission and unnecessary contact between children. In our creche settings the "bubbles" will be created by offering set hourly bookings.</p> <p>Reduced the number of children attending a setting where possible to enable social distancing, remaining in ratio and revised timetables and lesson plans, where possible, to deliver care as much as we can outside</p>	<p>Adequately controlled</p>	<p>Training All staff are trained on this risk assessment and any corresponding policies and procedures by Tinies Directors via video conferencing prior to returning to work.</p>
-----------------------------	--------------------------------------	--	---------------	---	------------------------------	--

Covid-19 Policy May 2020 (review Feb 2021)

Assessment Details

Colleagues will take staggered lunch and breaks to maintain social distancing.

We have relaxed our uniform policy to enable clean clothing every day. This includes the ability to wear any form of trousers, washing of uniform on site (where the setting has the facilities to do so), the wearing of non-work top (providing a name badge is worn at all times). This is a safety measure and will revert back to full uniform post the outbreak.

During this time we have requested where possible children do not bring items from outside of the setting in, this includes toys, car seats and in out creches parents are required to keep all coats with them.

Where parents are required to sign in we have a pot of clean pens and a pot for dirty pens to be placed in. Any paper will also be shared using a clipboard to avoid parents and colleagues both needing to touch the paper. The clipboard will be wiped between use.

Covid-19 Policy May 2020 (review Feb 2021)

Assessment Details

Fogging machines have been implemented in to our nursery settings. Full sanitising fogging takes place every evening once all children have been collected. The area is then left over night and sanitised ready for the following day.

Covid-19 Policy May 2020 (review Feb 2021)

Assessment Details

Illness on site	Staff Children	In line with our Exclusion Policy and Risk Assessment, if anyone becomes unwell with a new continuous cough, high temperature above 37.8 or loss/change in their normal sense of taste and smell they must be sent home to reduce the risk of Covid-19 spreading.	Medium	<p>Whilst waiting for the child to be collected they should be isolated from others in a previously identified room (where possible and weather permitting this should be outside) If inside and where possible, a window should be opened for ventilation. Specific space will be identified at each setting and shared with colleagues prior to returning to work.</p> <p>The colleague responsible for the child during this time should be a colleague from their 'bubble' (and first aid trained, although someone from the bubble supersedes first aid. The first aider however must be made aware and available. The colleague will wear items from the emergency PPE box – gloves, apron, mask and visor.</p> <p>If they need the toilet during this period, they should be escorted to a separate toilet (where possible) and aim to avoid them touching any surfaces along the way. The toilet should then be cleaned and disinfected using standard cleaning products before being</p>	Adequately controlled	<p>Training</p> <p>All staff are trained on this risk assessment and any corresponding policies and procedures by Tinies Directors via video conferencing prior to returning to work.</p>
-----------------	-------------------	---	--------	---	-----------------------	---

Covid-19 Policy May 2020 (review Feb 2021)

Assessment Details

used by someone else.

We must follow up to see how they are and if symptoms continued (ensuring they are self-isolating for 10 days, and that their fellow household members are self-isolating for 10 days) Prior to returning to the setting clarification must be sort to confirm the required isolation period has lapsed or a negative test result have been recieved.

In an emergency, call 999 if they are seriously ill or their life is at risk.

First aid should be delivered with reference to the latest safeguards from the Resuscitation Council UK.

Covid-19 Policy May 2020 (review Feb 2021)

Assessment Details

<p>Deep clean afetr Covid-19 case</p>	<p>Children Staff</p>	<p>Failure to thoroughly deep clean an area prior to suspected case of Covid-19 could result in the virus spreading in the setting and among those attending</p>	<p>Medium</p>	<p>PPE is provide and must be worn when cleaning the area, this includes gloves, apron and if there is a high risk of splashing a mask should be worn. Once cleaning has been completed all disposable PPE must be removed and placed in a double plastic rubbish bag and completely tied. This must be clearly labeled and kept away from children, this waste should only be placed in the communal waste area once either 72 hours has passed or a negative test result for Covid-19 has been confirmed.</p> <p>Colleagues must thoroughly wash their hand for 20 seconds following the clean and removal of PPE.</p> <p>The area is deep cleaned using disposable cloths, paper roll and disposable mop heads using an increased Milton solution of 3 caps per 5 liters. All items are then disposed of in the same way as PPE. Other areas that the symptomatic person has passed through and all high contact areas (toilets, door handles, corridors and banisters) should be cleaned in</p>	<p>Adequately controlled</p>	<p>Training All staff are trained on this risk assessment and any corresponding policies and procedures by Tinies Directors via video conferencing prior to returning to work.</p>
---------------------------------------	-----------------------	--	---------------	---	------------------------------	--

Covid-19 Policy May 2020 (review Feb 2021)

Assessment Details

the normal way and all documented on the cleaning log. Where an item can not be cleaned either using detergent or a laundry facility should be disposed of and replaced where necessary.

All items that requite laundering can be washed in the normal way using the warmest setting ensuring they are thoughly dried after, Dirty laundry should not be shaken to reduce the risk of spreading the virus in the air.

Covid-19 Policy May 2020 (review Feb 2021)

Assessment Details

<p>confirmed case of covid-19</p>	<p>Children Staff Adults Visitors</p>	<p>Covid-19 is highly contagious among people and can very quickly spread if steps are not taken to contain the spread.</p>	<p>High</p>	<p>Anyone who has been taken ill with symptoms of Covid-19 must remain at home and self-isolate. All cases must be reported to Tinies Operation Director who will report to Public Heath England local health protection team or Health Protection Scotland to receive immediate advice.</p> <p>All colleagues and children who were in attendance with the suspected case will have access to a test if they show symptoms, they are encouraged to get tested.</p> <p>Everyone in the same bubble and anyone who could have potentially come into contact with the colleague / child will be notified.</p> <p>Where the child or colleague tests negative, they can return to their setting and the fellow household members can end their self-isolation.</p> <p>Where the child or colleague tests positive, the rest of their bubble should be sent home and advised to self-isolate for 10 days. The other household</p>	<p>Adequately controlled</p>	<p>Training All staff are trained on this risk assessment and any corresponding policies and procedures by Tinies Directors via video conferencing prior to returning to work.</p>

Safeguarding	Children Staff	All colleagues have a duty to safeguard children in their care to ensure they remain safe from neglect or harm. The Department for Education has issued updated guidance for keeping children safe in education during this time and whilst our safeguarding policy remains valid, we have included some additional measures to safeguard everyone.	Low	<p>The company DSL is available at all times - this is Louise William and Lindsey Doe</p> <p>Known vulnerable children should be given a childcare place or we should work with the LA to secure a place elsewhere</p> <p>Any child who commits to regular attendance should be contacted if they do not arrive for care (in line with our nursery T&Cs which state we should be informed before 10am if not attending)</p> <p>Children due to start school may stay on for the September term (if agreement with the parents and transitioning school and in the child's best interest)</p> <p>Colleague recruitment checks to remain in force. If a DBS has been applied for and we are awaiting clearance (with references received) then the colleague may start work, but must be clearly identified to the team, not left alone with children or do any intimate care routine.</p> <p>Any concerns, changes in behaviour of children, colleagues or parents must be addressed with the DSO and in the absence of them, straight to</p>	Adequately controlled	<p>Training</p> <p>All staff are trained on this risk assessment and any corresponding policies and procedures by Tinies Directors via video conferencing prior to returning to work.</p>

Covid-19 Policy May 2020 (review Feb 2021)

Assessment Details

separate toilet facilities for adults. There should be adequate washing and toileting facilities for children who stay overnight.

There should be suitable hygienic changing facilities for changing any children who are in nappies and providers should ensure that an adequate supply of clean bedding, towels, spare clothes and any other necessary items are always available. Children should not be allowed access to any laundry facilities that are provided on site.

Where the early years provision takes place in a communal building such as a community centre or village hall, the part of the premises used by the early years provision should be for the sole use of the provision during the hours of operation. Ideally, the premises should have their own kitchen and toilet facilities but, where this is not possible, the provider should take steps to ensure that other users do not have a negative impact on the quality or safety of provision.

separate toilet facilities for adults. There should be adequate washing and toileting facilities for children who stay overnight.

There should be suitable hygienic changing facilities for changing any children who are in nappies and providers should ensure that an adequate supply of clean bedding, towels, spare clothes and any other necessary items are always available. Children should not be allowed access to any laundry facilities that are provided on site.

Where the early years provision takes place in a communal building such as a community centre or village hall, the part of the premises used by the early years provision should be for the sole use of the provision during the hours of operation. Ideally, the premises should have their own kitchen and toilet facilities but, where this is not possible, the provider should take steps to ensure that other users do not have a negative impact on the quality or safety of provision.
